Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

We provided \$5,000 to provide scholarships for TCC students. \$4,000 will be used to fund tuition and books for students seeking entrepreneurial training and education. \$1,000 will be used to fund tuition and books for students studying culinary arts. If these students maintain certain defined GPA standards and complete certain defined minimum credit hours, TCC will match the scholarship for the following academic period.

2. How many Rotarians participated in the project? 12

3. What did they do? Please give at least two examples.
 Helped to design and fund this grant; met with and counseled the recipient scholarship recipients.

4. How many non-Rotarians benefited from this project? 2, more later

5. What are the expected long-term community impacts of the project?
 Student success results in well-developed citizens who can be productive members of society capable of supporting themselves and families with meaningful employment. These scholarships provide the only means that under-privileged students, who otherwise could not attend college, can obtain the education and training that will provide them the opportunity to achieve their dreams.

6. If a cooperating organization was involved, what was its role?
 We worked with the TCCD Northeast Campus to develop a curriculum specifically for students desiring to start their own businesses. We also worked with the TCCD Southeast Campus to organize wine dinners so the students will learn how to properly pair food to match the wine served.
