### Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The Grant Budget (\$1500) will be used to supplement the Club's budget (\$1500) to provide Dictionaries (600 to 6 Elementary schools - 3rd Grade, Thesauruses (600 to 2 Jr High Schools - 7th Grade) and Combination - Dictionary and Thesaurus (120 to Freshman at Intercollegiate High School). This is a continuing project for our club and this is the 2nd year for the distribution of the Thesauruses. The elementary schools feed into the Jr Highs which feed Seguin High School which our club sponsors with scholarships each year. The Dictionaries / Thesauruses are used by the students to help them develop their communication skills (3rd Grade - Spelling and Word Literacy and 7th Grade - Creative Writing). We realize this project needs to be reviewed for relevance which is part of the project plan. The teachers will be surveyed to see if there is something else we could do in within the same budgetary constraints that would benefit the students. Final note our club participation is almost 100% each year without fail.

As we got into the project we discovered the district had eliminated 1 of the Jr Highs and increased the size of the one remaining. The final totals were still 600 at the third grade level, 450 at the 7<sup>th</sup> Grade (Jr High) level and 120 at the High School level..

2. How many Rotarians participated in the project?

10

3. What did they do? Please give at least two examples.

One Rotarian was responsible for the distribution of books to the schools. All others took part in the actual distribution to the students. For the Elementary schools we worked in 3 teams of 2 being assigned 2 schools per team. The one Jr High was handled by a single team of 8. At each presentation made we introduced the Rotarians involved, a brief explanation of Rotary's involvement in the project and gave each student their own copy of either the dictionary, thesaurus or combination depending on grade. Several Jr High students made a remark about the fact they still used the dictionary given to them in 3<sup>rd</sup> grade.

At the Collegiate High School, we arrived as a team of 6, were given a tour of the facilities and then passed out the books to the students during their lunch period (all had same lunch period). The project to deliver the books was completed in November 2015.

Due to change in school population distribution, leftover books from previous year, we over estimated our need for the grant.

4. How many non-Rotarians benefited from this project?

936

5. What are the expected long-term community impacts of the project?

Help better the educational environment in the Arlington Schools.

6. If a cooperating organization was involved, what was its role?

Have contacted the Director of Parent and Community Relations to see what else could be done either as a single club or in conjunction with other clubs to help improve the literacy in the schools.
