December 14, 2015

Dear Friends at the Lewisville Noon Rotary Club,

I want to thank you for your support of Communities In Schools of North Texas at Lewisville High School and your donation through the Shelter Bag Project. This large donation has helped me meet a gap for my homeless/ unaccompanied student in crisis moments. Often in these crisis moments students leave home with the clothes on their back, their school backpack, and nothing else. This is where we often try to come in and meet these basic needs, along with shelter.

Some of the most important services we provide are the basic needs of survival. For example, a warm jacket to help a student walk home from a late night job, options of clean clothes to wear to school instead of the one pair of pants and one shirt they have worn all week, and shoes required to maintain a job. This large donation has now helped us meet immediate needs for over 60 homeless/ unaccompanied students.

I am very thankful for this partnership with Lewisville Noon Rotary Club and cannot imagine providing case management services on LHS campus without your support. As we know the scenario of being homeless or unaccompanied does not just come and go for our students, and no one is immune to being homeless.

As Communities In Schools at Lewisville High School continues to identify and address these barriers, we will also seek out to continue to meet the needs of our students. Our end goal is for our students to be successful, graduate from high school, and leave school on the path towards living a healthy and successful life. We can now continue this long term services because of your generous donation. THANK YOU!

Yours sincerely,

Maegan Ruiz, LMSW
