Project Title: Dictionaries for 3rd Graders

Project Number:P-1044

Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? 54 boxes of student dictionaries (a total of 1,296 dictionaries) were ordered from The Dictionary Project at a cost of \$3,240.00. These dictionaries were delivered and stored in a Rotary member's warehouse. Teams of two (2) Rotarians from our club delivered dictionaries to all 3rd Graders in 16 Wichita Falls elementary schools. These deliveries were made to 3rd Grade students in their classrooms during October and November, 2016. Each 3rd Grade classroom teacher was also given a dictionary. Any dictionaries that were left were donated to the library of Harrell Accelerated Learning Center.

2. How many Rotarians participated in the project? 15

3. What did they do? Please give at least two examples.

Teams of two Rotarians picked up boxes of dictionaries from the warehouse and drove them to the elementary school campus where they were delivered to 3rd Grade students. Rotarians met at the warehouse location and put an identifying label in each dictionary which identified the Rotary club that donated the dictionaries and also set out the Four Way Test.

4. How many non-Rotarians benefited from this project? 1,296

5. What are the expected long-term community impacts of the project?

The use of these dictionaries will aid each student that received one in their reading and understanding of their classroom written materials. These dictionaries will be a great resource to the teachers in promoting literacy amongst the students.

6. If a cooperating organization was involved, what was its role?

Not Applicable.
