

ROTARY MODEL UN 2016 HIGHLIGHTS

1. Best Resolution Topics – EU refugee crisis and China’s aggression in the South China Sea were the most current international issues we have ever debated.
2. Most Teams Ever – 40
3. Most International Teams Ever – 7 Teams

Mexico	5 Teams
Costa Rica	1 Team
Canada	1 Team

We have tentative commitments for 2-4 Central American Teams in MUN 2017.

4. Best Keynote Speaker Ever – Ambassador Betty King
5. Most Banquet Gala Attendees Ever – 192
6. Most Active Student Delegates – In the first 5-10 minutes of our Conference and continuing thereafter, we witnessed a huge volume of note passing and forging alliances among student delegates. Advisors even had to get up to assist the Secretariat in handling the avalanche of note passing and getting microphones to delegates making comments to speeches and other motions. This was the first time during the delegate speeches that we heard motions for unmoderated caucuses and other attempts to engage in collaborative discussions.
7. Very Real International Crisis – North Korea’s nuclear threats
 - Graphics/Archive video by Channel 8
 - Female delegate’s statements
8. Most Students Ever Sharing their Experiences at the end of our Conference
9. Another Gourmet Banquet Feast
10. Student Delegate Testimonial: Ankita Nair (The Bishop’s School), who has participated in over 20 Model UN events/competitions, shared that “this Rotary MUN is even better than the Harvard MUN. I’ve heard for some time about the legend of the Rotary Model UN. Thanks so much for allowing me to live the Legend!!”
