Return this completed form to your District Rotary Foundation Grant Sub-Committee Chair(DSGC). Do not sent this form directly to Rotary International.

Rotary Club: Burkburnett

Project Title: Community Garden

Project Number: P-1077

Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

We have identified a need for nutritious vegetables for our seniors and low income residents. We have utilized a survey in conjunction with our 2 partners, Burkburnett Grace Ministries and The Times Record News, our major newspaper. This is along term commitment. Our club has already invested over \$5,000 in this project to date in fencing and planting beds.

We as a club have already collected about 10 large boxes of various vegetable seeds.

We tried to drill for water but hit oil. Therefore, it was determined our next move would be to place two large tanks and place water collections in place community buildings and collect rain water to fill the tanks. We have several teams designated already to collect and haul water for this garden.

Our club will be involved in leveling the spot for the tanks, providing labor to layer the base of the tanks with river water and then assisting in running PVC pipes to each garden bed so they will connect to soaker hoses and water the plants as needed.

This has now been accepted as a long term project for our club. Our goal is to be ready for spring planting.

2. How many Rotarians participated in the project?

5

3. What did they do? Please give at least two examples.

We had them participate in the design of the garden with a full blown Architect Drawing and also preparation and continuing care of the garden

4. How many non-Rotarians benefited from this project?

22

5. What are the expected long-term community impacts of the project?

Currently we have 21 plots with 10 taken and being used. We also have had school groups, church and community members who are assisting in teaching how to grow food organically.

6. If a cooperating organization was involved, what was its role? Grace Ministries was the spearhead and gave the direction as well as the agency that will distribute the harvest of many vegetables throughout the summer.

Financial Report (District must retain receipts of all expenditures)

7. Income		Amount
1. District Grant funds received from the District		1500.00
2. Other funding (specify) RC Burkburnett		1500.00
3.		
Total Project Income		3000.00

8. Expenditures (please be specific and add lines as needed)

Grace Ministeries- water tank and install irrigation system for garden	3000.00
Total Project Expenditures	3000.00
