District 5320 Foundation Grants Subcommittee
c/o Margarita Martin
31887 9th Avenue
Laguna Beach, CA 92651

Dear Ms. Martin:

The Boys & Girls Clubs of Capistrano Valley appreciates the support the Rotary Club has given our organization in the past. We are happy to submit this request for funding to purchase computers for the Club's labs in response to your invitation to apply.

During these tough economic times as parents work longer hours to provide for their families and public schools struggle to meet the core academic needs of their students while enduring severe budget cuts the after school programs provided by the Club become even more important. The Club provides a necessary service by opening its doors to youth as the doors close on their school campuses at the end of the day and before their parents return home from work. We provide a safe nurturing environment where they can eat a nutritious after school snack, share companionship, have access to tutors, computers, and art, science and sports programs that engage them and hold their interest.

The purpose of this project is to purchase new computers for the Club's computer labs. The Club's two branches, located in San Juan Capistrano and Aliso Viejo, each have a computer lab to provide youth with opportunities to focus on education and complete homework assignments. Currently, each Club is in desperate need of replacing old computers that no longer function. Each computer lab has approximately 10 to 15 computers.

The Boys & Girls Clubs of Capistrano Valley serves over 1,800 youth in South Orange County from 28 schools and 11 zip codes. Programs focus on academic success, good character & leadership and healthy lifestyles. A grant from the Rotary Club will focus on academic success. Club members will utilize the donated computers to complete homework assignments and learn about science and technology projects with the assistance of Club staff and mentors. More than 50% of the Club members come from disadvantaged circumstances. Many of these kids do not have access to a computer at home

Please consider us in your estate planning...

Thank you for considering this grant request. Please feel free to contact MaryBeth Stephens VP, Resource Development at (949) 240-7898, ext. *13 with your inquiries.

Sincerely,

A handwritten signature in cursive script that reads "James Littlejohn". The signature is written in black ink and is positioned below the word "Sincerely,".

James Littlejohn
