Rotary Club: Rotary Club of Fort Worth

Project Title: Scholarships for Indonesian HS Students

Project Number: P-1086

## Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Two students were given scholarships to attend high school in Indonesia to learn a trade.

2. How many Rotarians participated in the project? 22

3. What did they do? Please give at least two examples.

International Committee worked with Fort Worth Sister Cities to identify students and coordinate scholarships with the school. Also, two Fort Worth Students were sent to Indonesia to work with the students.

4. How many non-Rotarians benefited from this project? 4

5. What are the expected long-term community impacts of the project?

These two students would not have been able to pay for high school and would have been forced to find menial work, leading to a life of poverty. Going to this trade school will give them a diploma and the ability to find higher paying jobs. One student will be an auto mechanic and the other a chef.

6. If a cooperating organization was involved, what was its role?

Fort Worth Sister Cities has a relationship with Indonesia and was able to help us vet the school and students to see that the funds were used properly. They also provide updates on how the students are doing.
