District Grant # DG-1501 Progress Report Final Report

Rotary Club: **Fort Collins, After Work**

Project Title: **Nepal School Rebuild**

Project Description:

1. Briefly describe the project. What was done and where did the project activities take place?
Who were the beneficiaries?

Several years ago, the Rotary Club of Fort Collins, After Work (RAW) invested in rebuilding a school in Deuralitar Village (formally the Jhagarpur Village) in the Sindhuli district of Nepal that serves ~300 students. RAW also provided the first sanitary toilet in the village. Our project manager for this project in Nepal was Rotarian Sudip Koirala, who has managed over 40 projects in Nepal with our club.

On April 25 and May 12, 2015 Nepal experienced two earthquakes (7.9 and 7.3 scale) which resulted in significant loss of lives and damage to property. The earthquakes did not damage the school building that Rotary rebuilt in 2013, but the earthquakes did damage to another classroom building. This project funded in part by DG-1501 provided some important empowering opportunities for the students of this small village including:

- **Repaired one of the larger classroom buildings to serve the most students possible.**
 - **Provided needed funding to rebuild the toilet at the school to provide for better sanitary conditions for the students.**
 - **Established a small computer lab to provide the students with basic computer skills. This access to better learning resources will better prepare students for further academic advancement (high school and college).**
2. **How many Rotarians participated in this project? 2 Rotarians and 5 Rotaractors all in Nepal.**
 3. **What did they do? Please give at least two examples: The Rotarians monitored the project and the Rotaractors supervised and coordinated the work. The Rotaractors also volunteered for reconstruction work assisting the villagers to complete the classroom reconstruction.**

4. How many non-Rotarians benefited from this project? **All 307 students attending the school in Deuralitar Village directly benefited from the school reconstruction, computer lab and toilet by having access to more classrooms, a new computer lab taught by a government instructor (unique for this village) and health benefits from access to the school's only toilet. There are 65 homes in Deuralitar village and 7 school teachers. The families living in the village benefitted indirectly with more access to education for their children.**
5. What is the expected long-term community impact of this project?

There are currently over 300 Nepalese children who attend this school. They and their families will benefit from this project as it will improve the school classrooms and provide additional learning opportunities with the computer lab. The improved sanitary conditions with the toilet renovation will reduce the likelihood of disease.

After the school reopened with the new classroom and computer lab the students and students' parents were invited to see the renovation and have expressed appreciation. This school is unique as it is the first government school with computer education to include a lab and computer teacher. The parents visit to the school is pictured in the newly renovated classroom in the photos in Appendix B to this report. The toilet is working well and the children are using it.

Dave Boon from our Rotary Club of Fort Collins, After Work and Alexandra Orahovats from the Rotaract Club of Fort Collins visited the school during construction and met many of the villagers who were happy and felt fortunate to show them the project.

6. If a cooperating organization was involved, what was their role?
7. Income:

Rotary Club of Fort Collins, After Work	\$4,140
Rotary District 5440 Grant	\$4,000
Total Project Income	\$8,140

8. Expenditures: (number receipts starting with 1 and indicate a receipt # (s) for each expenditure) **See receipts in Appendix A.**

	Nepal Rupees	Receipt # (s)	Amount
5 Trucks of Sand	72,500	542	
3 Trucks of Small Stone	31,500	542	
147 Sacks of Cement	176,500	542	
8,760 Bricks	219,000	542	
Five Desktop Computers	160,000	545/15	
Five Tables for Computers	25,000	545/15	
Five Chairs	15,000	545/15	
Two Doors and Windows	15,500	603	
Pipe, Pan and Piping	10,000	603	
200 kg. Steel Rod	71,500	603	
One Water Tank	17,500	603	
Total project expenditures	814,000		\$8,140

***Based on an exchange rate of 100 Nepal Rupees per Dollar.**

9. Project score (5=strongly, 4=agree, 3= neutral, 2=disagree, 1=strongly disagree)

	Project Score	Comments
The overall project was successful	5	
The grant process worked well	5	
My interaction with partner clubs was good	5	
We achieved the results we expected	5	

10. What worked well on this project and why?

Project Coordination and management worked well because our club is familiar with Sudip and has worked with him on 40 other projects in Nepal.

11. What did not work well and how would you suggest improving it?

There is no aspect of this project that did not result as planned.

12. How was this project publicized?

The project was put on” Rotary Showcase.” We also described the project on the club Facebook page and other facebook pages.

13. (Progress report only) What still remains to be completed on this project?

Project Inventory

Please list all items provided in this grant that are over \$75 in value and are not expendable.

Item Purchased	Date of Purchase	Cost (Nepal Rupees) *	Destination/ Location	Comments
5 Trucks of Sand	28 August 2015	72,500	Deuralitar Village, Sindhuli District Nepal	
3 Trucks of Small Stone	28 August 2015	31,500	Deuralitar Village, Sindhuli District Nepal	
147 Sacks of Cement	28 August 2015	176,500	Deuralitar Village, Sindhuli District Nepal	
8,760 Bricks	28 August 2015	219,000	Deuralitar Village, Sindhuli District Nepal	
Five Desktop Computers	02 September 2015	160,000	Deuralitar Village, Sindhuli District Nepal	
Five Tables for Computers	02 September 2015	25,000	Deuralitar Village, Sindhuli District Nepal	
Five Chairs	02 September 2015	15,000	Deuralitar Village, Sindhuli District Nepal	
Two Doors and Windows	05 October 2015	15,500	Deuralitar Village, Sindhuli District Nepal	
Pipe, Pan and Piping	05 October 2015	10,000	Deuralitar Village, Sindhuli District Nepal	
200 kg. Steel Rod	05 October 2015	71,500	Deuralitar Village, Sindhuli District Nepal	
One Water Tank	05 October 2015	17,500	Deuralitar Village, Sindhuli District Nepal	

*Based on an exchange rate of 100 Nepal Rupees per Dollar.

By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all the information contained herein is true and accurate. Receipts for all grant-funded expenditures are attached. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights to the photographs, including copyright, and hereby grant the District, RI and TRF a royalty free irrevocable license to use the photographs now or in the future, through the District and the world in any manner it so chooses and in any medium now known or developed. This includes the right to modify the photographs as necessary in the District's and RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of the District, RI, and TRF.

Please attach all receipts or an invoice and a copy of the check used to pay the invoice. Funds over \$200 not used must be returned to the district grants treasurer.
