District Grant Report 2015-2016

(to be completed by Rotary Club and returned to district5440grants@gmail.com
revised Feb 3, 2014)

District Grant # P-1108

Progress Report Final Report

Rotary Club: Kemmerer, WY

Project Title: Dog Park

Project Description:

1. Briefly describe the project. What was done and where did the project activities take place?
Who were the beneficiaries?

The Kemmerer Rotary Club partnered with the City of Kemmerer to create a dog park for community residents. The park is located adjacent to Highway 189 in an area with other public recreational facilities--golf course, kids' fishing pond, walking trail, and baseball fields. The city's primary obligations were to provide the land and to maintain the park in the future. Rotarians were responsible for the implementation of the project including site preparation, fencing, gates, signage, disposal stations, and benches. Beneficiaries of the dog park are the residents of the Kemmerer-Diamondville as well as people traveling through the area.

2. How many Rotarians participated in this project?

26

3. What did they do? Please give at least two examples.

Rotarians and family members dug post holes, mixed and poured sacrete, set the posts and erected the fence and gates. They put up waste disposal stations; designed, ordered and erected signs; and set rock benches in place.

Members planned, advertised and executed a Grand Opening event for the public on June 11, 2016.

4. How many non-Rotarians benefited from this project? 1,000 (est.)

The Park has the potential to benefit all the dog owners in the Kemmerer-Diamondville area.

5. What is the expected long-term community impact of this project?

The City of Kemmerer will maintain the park. It will continue to be a gathering place for residents in the foreseeable future.

6. If a cooperating organization was involved, what was their role?

In a MOU between the City of Kemmerer and the Kemmerer Rotary Club, the following responsibilities were designated for the City: ground for the dog park, trash receptacles and collection, and future grounds maintenance.

7. Income: Amount

	Project Score	Comments
The overall project was successful	5	
The grant process worked well	5	Thank you!
My interaction with partner clubs was good	N/A	
We achieved the results we expected	5	

10. What worked well on this project and why?

The partnership with the City of Kemmerer worked well. Factors that made the working relationship a successful one are a clear understanding of roles, continuous communication, and genuine appreciation for the respective contributions of both entities.

11. What did not work well and how would you suggest improving it?

Leadership on the project changed in the middle when two key Rotarians left the community and the club. Progress faltered for a bit until a new committee was formed. The chairman quickly took control and delegated responsibilities to committee members.

12. How was this project publicized?

The Dog Park project was publicized through newspaper articles and social media. The opening was advertised through those media as well as posters placed around town.

13. (Progress report only) What still remains to be completed on this project?

N/A

Volunteers set posts for the dog park. (COURTESY PHOTO)

Dog park opening

The grand opening of the "Barktopia" dog park will be Saturday, June 11, 1-2 p.m., at the park located on Highway 189 just north of the fishing pond. The facility, which provides a space for dogs to run and play without a leash, is a cooperative project of the Kemmerer Rotary Club and the City of Kemmerer.

The opening celebration, that includes door prizes and refreshments for canines and humans, is a culmination of planning that began almost two years ago when the local Rotary Club applied for a grant from the Rotary Foundation. The Kemmerer club was awarded a \$4,000 one-to-one matching grant. Donations from local businesses and individuals as well as dollars generated through fundraising provided the club's match. The funds were used primarily for

fencing, waste disposal stations and signage.

Kemmerer Rotary Club president Brad Meyer noted, "It is great to be able to partner with the City of Kemmerer to provide this asset to the community." Meyer went on to say, "We Kemmerer Rotarians are pleased to put our efforts toward a project that will benefit residents for years to come. We encourage everyone to follow the posted rules and keep the dog park a fun, safe and inviting place for dog owners and their canine friends to gather."

The Rotary Club of Kemmerer is a service organization whose contributions to the community include annual academic and vocational scholarships, sponsorship of students to summer leadership camps, and support for many other charitable initiatives and projects.

District Grant Report
P-1108 Dog Park
Rotary Club of Kemmerer, WY

Rotarians dug holes for posts and used Quikcrete to set them.

Next came the fence, gates, rules' sign and disposal stations.

Cumberland Gap Hearthstone donated four stone benches and a large decorative rock for the entrance to the dog park.

A permanent sign marks the Dog Park, and a banner recognizes community members and businesses who made donations of money, materials, equipment and labor.
