The Student Recovery program is a skill recovery for Hispanic males at Greeley Central High school in Greeley, CO. These students enroll in a rigorous summer school program between the 9th and 10th grade to takes courses they may have failed in the previous academic year. The program continues to work with these students during the next three years to help them graduate. The program is also designed to provide the students with vocational and life training skills. Re: Student Recovery Program

The Greeley Rotary Club is pleased to forward to you a total of \$10,050 for the Student Recovery Program. Please apply this donation evenly between Greeley Central and North Ridge High Schools.

This project was an undertaking of our Club over the past year to support a program that was the inspiration of one of our members, Bob Tointon. We are especially excited to support SRP since the program's success has prompted its expansion to North Ridge High School.

Regards,

Larry Atchison, Treasurer
