Project Description 1. Describe the project. What was done, when, and where did project activities take place? Auke Bay Elementary School in Juneau, Alaska had old playground equipment. Through Rotary grant funds and three Juneau Rotary clubs contributing to the purchase of a large playground piece of equipment called an Eclipse Net Plus with 2-4 attach points, we were also able to assist on assembly and ground work by our members for this big improvement to the playground. Presidents from the three clubs coordinated fundraising, ordering and installation with school district and Parent Teacher Organization (PTO) volunteers. Numerous local businesses and individuals contributed to the project. Additional pieces of equipment were installed due to the fundraising efforts of the PTO and school district not covered by our grant. 2. How many people benefited from this project? 3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met? Auke Bay Elementary School children during the school year and in addition other children in the Juneau community using the playground during the summer months when it is open to the public. 4. How many Rotarians participated in the project? 30+ 5. What did they do? Please give at least two examples, not including financial support provided to the project. Architectural, planning, meetings, budgeting, disassembly of old equipment, raking gravel, unpacking, assembly 6. If a cooperating organization was involved, what was its role? City and Borough of Juneau provided gravel to Auke Bay School for the project. Auke Bay Elementary PTO assisted with paying amount over \$20,000.
