**Brief Project Description:**

Provide support for Rancho Sordo Mudo, a free boarding school for the deaf in Baja California, Mexico. The San Clemente Sunrise Rotary Club has been supporting this school annually since 1998. We support the school by providing food, school supplies, trees for an orchard and other necessary items. We also pay utility bills. A drip irrigation system is being installed and paid for by another donor. We are hoping to provide the trees for that orchard in addition to our other areas of support.

Virtually 100% of our club has participated in supporting RSM annually since 1998. Club members purchase Christmas gifts for each child and staff member which are delivered during our annual "Christmas in January" celebration. 1/3 of our club plus friends and family typically travel to RSM in January for that. We also send food collected in our annual food drives to RSM. A grant team of 2-3 Rotarians travels to RSM and Ensenada early in each school year to pay utility bills and purchase food/supplies to help get the school year started. That trip is normally made in early September

**9. Who are the Beneficiaries:**

*(Who are you serving and how?)*

The population of the RSM deaf school is normally 20-30 students and about 20 staff members.

### 10. Lasting impacts on the community:

In some years our food donation early in the school year the only food that RSM had to serve. This school would have had to close without them. In recent years donations were down and our payment of utility bills had become essential.

### 14. Additional Comments:

The San Clemente Sunrise Rotary Club could only do one grant this year due to a decrease in our matching funds from past years. Our club voted unanimously to use our grand funds to support RSM. We have seen the impact we have had on these children, some of whom we have watched grow for many years. It is a joy for us to see the impact we can make over the long haul. We have witnessed the impact of the improved diet and education of the deaf children since 1998.
