PROJECT DESCRIPTION:

1. What is the purpose of this project?

This projects helps assist in providing some basic health, dental, vision screenings to low-income families in the Brea area. This service is given as part of the Brea Family Resource Center's annual Health Fair on April 21, 2012. The Brea Rotary has been a sponsor with the help of District matching grants for five years and we would like to continue our support.

2. How will it meet the needs of the community?

The health fair is marketed mainly to residents of the Brea community. The fair provides blood pressure screening, blood sugar readings, vision testing, and also dental exams. These basic health screenings identify people who may need additional assistance for health or dental issues to staff running the Brea Family Resource Center. The fair provides opportunities for many uninsured people to get services that they would normally not be able to receive. The sponsorship also provides free dental supplies, ie. toothbrush, toothpaste, dental floss to people who may not have all of these implements.

The City of Brea will market this event, as they have in the past. Advertising through the City Family Center, web site, newsletters, etc. They have a history of attracting hundreds of people each year to this event. The city anticipates due to the negative economic situation, that this fair may be well attended due to the increase in insurance costs, and the number of families without any coverage.

ROTARIAN INVOLVEMENT:

Please list below the activities your club will undertake demonstrating the active involvement of Rotarians in this project.

We have already been discussing this at weekly meetings for months. The City of Brea is the organization that puts the fair on, and they have marketing people, and Community Center interns publicizing the event presently. The Brea Rotary for it's donations this year and in the past will receive "full sponsorship" of the event in 2012. So, the Rotary will get some public exposure. In addition, our club will send approximately 10 members to volunteer this day and work the event. Our Vocational Director is also coordinating the Brea Olinda High School Interact club in assisting the service side of this event.
