Scott Baily, President  
Rotary Club of Windsor, CO  
P.O. Box 23  
Windsor, CO 80550

Dear Windsor Rotary Club,

Please accept this letter as our continued thanks for your generous donation to the community recreation center expansion project. As you know, included within the \$16.1 million dollar expansion project was a tot lot of just under than 900 square feet that provides a safe outdoor play space for children utilizing our child care center. The original plan called for the tot lot to be about 2/3 in size. With the generous donation of \$8,000 from the Windsor Rotary Club we were able to expand the project in size and add several play structures designed for children ages 2-5 years old.

Some of the costs of the play area were grouped within the overall project. These include items such as concrete, fencing and site drainage. Therefore I do not have the exact cost of these items for this portion of the project. I have provided costs (see below), for the items that were broken out individually. These include \$9,692 for the play structures and \$14,975 for the safety surfacing.

In the short 5 months we have been open we are averaging a little more than 1,000 kids per month utilizing the child care center. Given the mild winter there have been many opportunities for our staff to take the kids outside and utilize the playground. Having a safe place to play during their time here at the recreation center enables the children to burn excess energy, learn vital skills and overall have fun!

Again, thank you for your donation and willingness to make Windsor a great place to live, work and play!

Eric Lucas, M.S., CPRP, Director of Parks, Recreation and Culture  
Town of Windsor  
(970) 674-3523

## Proposal Summary
