Project Title: Josh the Otter (a.k.a. Splash4Safety)

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Water safety books and labels were purchased and distributed to families with pre-school aged children at their day care centers, and other places where the families gathered. The idea behind the project is to put water safety books and tips in the hands of these parents, and the parents would interact with their young children to ensure water safety was understood and practiced.

2. How many Rotarians participated in the project? 20+

3. What did they do? Please give at least two examples.

One person wore the Josh the Otter costume, while another person or two would read the book to the children. Each day care center visit would utilize 2 or 3 different Rotarians.

4. How many non-Rotarians benefited from this project? 1,000+

5. What are the expected long-term community impacts of the project?

We expect child drownings to decrease due to our awareness efforts.

6. If a cooperating organization was involved, what was its role?

Yes. First Things First, the early childhood development agency in Arizona, provide some funds to help purchase the books; and First Things First gave us access to the day care centers in their programs.
