Brief Project Description:

We will deliver vocational skills training in the format of at least one Vocational / Career Skills Summit Day and in the development of a series of financial skills workshops aimed at preparing project beneficiaries to make good financial decisions.

1. Project Start and Ending Dates:

(Projects may not begin prior to the District receiving approval from TRF. Reimbursements for earlier expenses are not eligible. Projects must be completed by the end of each Rotary year.)

2. Project Location: Community International

(If the project is international, will there be a Rotary club from the other country involved? If so, explain how they will participate.)

3. Project Budget:

(Attach a complete project budget. List all revenues and expenses. These amounts MUST balance.

If the goods and services are to be purchased from an international source, is the budget properly calculated in US dollars?)

Attached. \$4,100 budget to include club contribution of \$2,350 and \$1750 of matching DDF funds.

4. Grant Funding:

(How much will clubs be contributing? Club contributions must be equal or greater than the amount requested from the District.)

Club(s) Contribution	District DDF	Total
\$ 2,350	\$ 1,750	\$ 4,100

5. Participating Clubs:

(If other clubs will be participating in this project, list each club and its contribution.)

6. Other Support:

(What other in-kind contributions, discounts or financial support are you getting for the project?)

We will be seeking sponsorship dollars as part of club fundraising to allocate against the \$2350 club contribution, but have designated \$2350 from our budget regardless of additional financial support.

7. Other Involvement: *(What other groups or organizations will be involved and how will they be participating? Attach participation letters from any non-Rotarian organizations partnering in the project.)*

Irvine Valley College (IVC) will host the first Vocational Skills Summit on May 9. IVC and Brandman Universities will provide facilities for financial literacy workshops.

8. Club Participation:

(Show active involvement of the Rotarians in your club. How many club members will participate and what will they do?)

We anticipate that at 15-20 Rotarians will be involved in the planning and delivery of content at the Vocational Summit. At least 46 of the 70+ Rotarians in the Rotary Club of Irvine currently have vocations that would be well suited for involvement in the financial literacy component of this project. Rotarians will participate in small group project sub-committees to design curriculum and materials and deliver training. Rotarians will recruit and train other Rotarians and non-Rotarian professionals in their vocational networks to lead training sessions. Rotarians will identify and communicate with external project partners.

9. Who are the Beneficiaries:

(Who are you serving and how?)

At the first Vocational Summit, we expect to host up to 90 students. For the financial literacy component, hundreds of persons will benefit directly from Stage 1 of the project, as will professionals that provide related services to these persons. Once the program is refined and modified as a turnkey Rotary project, thousands of persons will benefit.
