Dear Fellow Rotarians,

The full amount you requested in District Grant funds for your project is submitted to you using the enclosed check made payable to your club. Your hard work to this point and as you complete your project are so much appreciated.

With this funding comes reporting responsibilities. Either a Final Report or Progress Report submitted to www.matchinggrants.org ("Website") will be due on May 15, 2017. Using PDF formatted documents, please place the Final Report together with supporting documents in "Documents" in your project on the Website as soon as your project is complete and no later than May 15, 2018. The Final Report form is found on the Website. If your project is not complete leaving you unable to file a Final Report by May 15, 2017, a progress report will need to be written in the "History Logs" on the Website no later than May 15, 2017.

If you would like assistance in the reporting process or if you have any questions, please contact Jedd Thomas at (208) 339-1185.

Sincerely,

A handwritten signature in black ink that reads "Jedd Thomas". The signature is written in a cursive style with a large, looping initial "J".

Jedd Thomas
Rotary District 5400 District Grant Subcommittee Chair
