

Budget for Proposed District Grant  
Island Medical Transportation Grant

Total Grant Amount:  
\$5000.00

Catalina Express Gift Cards:

\$72.00: 1 Adult Round Trip Fare from Avalon to Long Beach or San Pedro.

\$182.50: 1 Subsidized Commuter Book. Good for 5 round trip tickets for an Island Resident. (These would be dispensed to beneficiaries requiring more frequent trips for chemotherapy, dialysis)

\* Avalon Residents qualify for a subsidized (discounted) commuter book on the Catalina Express.

The \$5000.00 budget would provide approximately 18 subsidized commuter book gift cards at \$182.50 and 24 single Round Trip Gift Cards at \$72.00.

A mixture of gift cards would be purchased depending on the community needs.

Rotary Stickers, Envelopes, Stationery have been purchased and donated by a local Rotarian.

Golf Cart Transportation offered in Avalon by the grant committee is by electric golf cart with no expense.

Catalina Express is the only carrier that provides frequent transportation between the Island and the Long Beach and San Pedro ports (in addition to Dana Point). The other cross channel provider, the Newport Flyer travels only once a day between Avalon and Newport, which would cause an overnight stay for Avalon residents traveling for medical care and doctor's appointments.
