

District Grant Report

Rotary Club: The Rotary Club of Fullerton
 Project Title: Rotary Cares

Progress Report Final Report

- Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?
 Each year our club for the past 5 years, has provided Dental, Vision, Medical, and Breast cancer Screenings to the uninsured and under insured adults in the Fullerton Community at Richmand School.
- How many Rotarians participated in the project? Combined about 30 club members and Rotaract members.
- What did they do? Please give at least two examples. Some of our Rotarians are actual part of the doctor staff working with the patients, however most of the Rotarians are acting as coordinators to assist those coming to get medical care, answer questions, have them fill out the proper forms, keep kids they bring entertained, keep things organized, and help setup and tear down for the event.
- How many non-Rotarians benefited from this project? We average about 300 clients.
- What are the expected long-term community impacts of the project? Helps provide good health to hundreds who would otherwise go without needed medical treatment.
- If a cooperating organization was involved, what was its role? Lestonnac Free Clinic (equipment and supplies) as well as hygienists and dentists. A local dental assisting school as well as hygiene school.
