Mrs. Meenakshi Sharma - School Principal

A lot has happened in the short time since our last magazine was published in November 2011. 2012 has been an exciting year so far. Although we still face the same challenges concerning funding (the cost of living having increased dramatically this year for everyone), we are still here and have completed this school session successfully. I am therefore very grateful to all our kind sponsors, especially Anna-Marie, Ivon, Rachel and Simon, Michel and Anneke, Jeanine, Philip and Mr. N. D. Kulkarni, without whose help the school would not exist. There have been many developments, but our biggest achievement this year has been to receive our FCRA certificate, allowing us to receive funds directly from abroad. Thank you to all those who helped us get there, and to Rachel (UK) and Roscoe (U.S.A) for their hard work in helping us connect with foreign donors and receive their donations tax free. I would also like to say a big thank you to Ronnie, who has been working on producing a short documentary to help the school reach a wider audience. Thank you also to Rachel for connecting us to the whole world via our new Facebook pages, for updating the website and for writing a brand new English curriculum for all classes. We have also been extremely lucky to learn something new this term thanks to Fujifilm Poland. Our students were given the opportunity to learn photography skills during their 2 day visit to the school, and thanks to their donation of 30 digital cameras, are now enjoying new extra-curricular activities. It also goes without saying that there have been new donors, visitors and volunteers along the way. Thank you for believing in us, our students and what we do. Your support gives us the strength, determination and opportunity to achieve greater things and all of our students are very appreciative of your help and faith in our school. Thank you everyone. We are always looking for new sponsors. So, why not join us in our journey? I hope you enjoy our magazine! The students certainly enjoyed producing it! My sincere best wishes to all of you.

Hello everyone. My name is Rachel and I'm a sponsor of the school. I have been incredibly fortunate to have spent time in Dharamsala this year and have enjoyed my time with the staff and children at this very special place. I am always blown away by the enthusiasm of the students, their respect and love for the teachers and their commitment to learning. As a teacher, it is an absolute pleasure to come and help them learn and offer them new experiences, especially as they come from poor, disadvantaged backgrounds. Without this school, they would have no future. I'm very proud of the students in classes 5-8. This year they have learned many new skills involving computers. To see the joy on their faces as they helped create this magazine was a very humbling experience. They have edited their own photos, created the collages and produced much of the work throughout this magazine. All in all they have achieved a lot in 4 months, and I hope they will continue to improve their skills and use them to write about their future experiences.

Finally, a very big 'thank you' to the local businesses who supported the production of this magazine, to help us raise awareness for the school. If you have enjoyed reading this magazine and believe in what is being achieved here, please pass it on or come visit us if you are in the local area. We need your help. These children are special, and just as deserving as anyone else of a chance to do great things in life. Please continue to support their journey and dreams. Thank you to all who have already given so generously. x

Our Mission Statement:

To provide free, high-quality education and care to Indian children who face serious barriers to education and a low standard of living, regardless of caste, creed, sex or disability.

- We provide meals, uniforms, books & stationery and medical care free of charge.
- We encourage full participation of girls in education and full involvement in all activities.
- We provide a feeding program; a nutritious meal, plus breakfast for nursery students.
- We provide a day care centre so older siblings are free to attend school.
- We teach an innovative curriculum including many extra-curricular activities.
- We provide hygiene awareness education and medical help where applicable.

Our hopes for the future

- To purchase land and build a bigger, better, safer school for our students.
- Extend our curriculum to include 9th and 10th standard classes so our students can stay.
- Offer vocational training courses: e.g. carpentry, electrician courses, plumbing.

Money needed: 45-50 lakh rupees (\$100,000-120,000, £60,000-65,000, €62,000-68,000)

Where do your donations go?

Your money provides:

- all books, equipment, materials and stationery for daily lessons.
- food for the daily meal: Rice, dal, vegetables, porridge, potatoes and some fruits.
- all uniform and clothing for the children.
- a small salary for the teachers.
- dental care, First Aid supplies and vitamin supplements.

It also covers the monthly rent of the building, all utilities and maintenance costs as well as affiliation to the Himachal Pradesh Board of Education and all examination fees.

How you can donate

If you are in the Dharamsala / McLeod Ganj area why not come and see us? Our students love visitors and are always happy to show you their work! We are easy to find. We are 10-15 minutes walk from either Lower Dharamsala or the Tibetan Library / Delek Hospital (down Jogiwara Rd)

So how can you help?

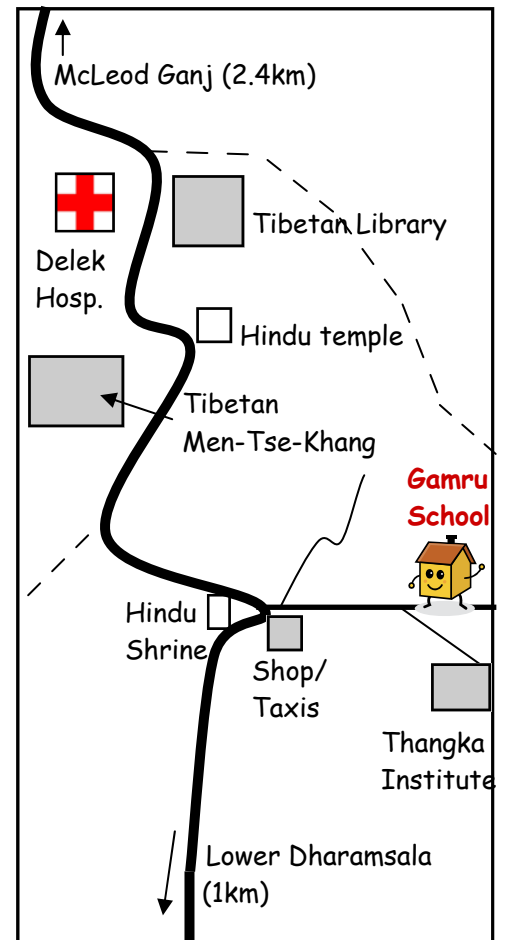

- You could volunteer your time and expertise.
- Donate materials. We are always grateful for books, arts & crafts materials, stationery, games, toys for the nursery , medical supplies & food (rice & dal especially welcome)
- Make a one-off donation.
- Become a regular sponsor (see details below).
- Sponsor a 9th or 10th standard student.
- Tell others of our school and help spread awareness by showing them this magazine & sharing our website address.
- Become a friend of the school on Facebook, follow our progress and share our page with your friends.

OUTSTANDING PERSONAL EFFORT AND COMMITMENT TO STUDIES

Deeksha

At the end of November 2011 our school received some excellent news!

The Science & Technology Department of the Central Government in Delhi held a competition called "Inspired Students Award". Students who had worked hard in school the previous year had the chance of winning a personal prize of Rs.5000 as an incentive to keep studying diligently in the future. Teachers from every school were asked to nominate 1 or 2 students for the prize. In Kangra District 734 students won awards. 464 came from private schools, 270 came from government schools and 2 came from an N.G.O - our very own Gamru School! Both of our nominated students were selected; the only 2 students in the local area comprising 15 schools.

Congratulations to Diksha from 9th standard and Kundan from 8th standard.

May you both go on to do well and be successful in the next round of the competition!

We are all very proud of you!

 A Morning Walk

A morning walk is very healthy. It is a light exercise. It helps us feel good and healthy. Therefore, I go for a morning walk daily. I get up early and go to a park with my friends. We go for a walk together. We go to the canal. We meet many people on the way. The morning breeze is very lovely. The birds are chirping. There are few dew drops on the grass. Fresh air looks fresh. It is cool breeze in blowing. We feel very happy. We reach the canal at 8 am. We walk along the bank. Many minutes there some are playing. We take a bath in the canal. The sun rises and we come back home.

NOVEMBER 2011

Every year at Diwali time we enjoy making Rangolis. Rangolis are colourful designs made from tikka powder. Traditionally they are drawn outside houses to welcome the goddess Laxmi. This year's designs were stunning. Well done everyone!

NOVEMBER 2011

Our Annual Functions just get better and better! Everyone performed so well and the audience was blown away by the talent at our school. A great, fun day!

A lot of hard work, practice and preparation but it's always worth it.

DECEMBER 2011

On Christmas Eve Rachel and Simon came to school and gave all the students and teachers a present to celebrate. There was also singing and dancing and Harbans from 8th class played Santa for the younger students. It was fun!

FEBRUARY 2012

In February 6th, 7th and 8th class always have a board decoration competition. There are 3 teams and each tries to win with its bold designs. This year everyone did very well don't you think? All teams were winners.

FEBRUARY 2012

The end of February is always a sad time for us, as we wish farewell to our 8th Class students before their final exams. They all passed this year and most have gone on to study in the local government schools until 10th standard. Well done and 'Good Luck' to you! We wish you a successful and happy future. Study hard!

APRIL 2012

This year's flower arranging competition was very difficult to judge. Everybody did very well and our sponsor Rachel had a tough decision to make. Well done to all our students in classes 3-8. Your work was very impressive this year.

JUNE 2012

This year we were very lucky to be selected by Fujifilm Poland for their project. 28 students were given digital cameras and shown how to use them. They had 2 days to take as many photos as they liked, before they were judged and 3 winners chosen. It was a fantastic experience our students will remember for a long time.

This page was produced by Diksha, Leela and Rani from 7th class

And here are some of the results! None of these photos have been enhanced, cropped or changed in any way. They appear exactly as the students took them.

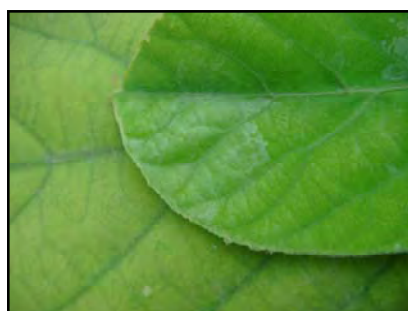

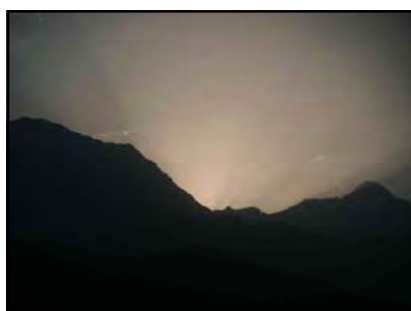

In 1st place - Kiran from 7th class. The Fujifilm photographers said she was a natural photographer with an artistic flair. Great portraits. Well done Kiran!

In 2nd place - Shiwani from 7th class. The photographers were impressed with her composition, framing and use of light. Well done Shiwani!

In 3rd place - Sonu from 6th class. The photographers were impressed with his original and different ideas and macro shots of nature. Well done Sonu!

JUNE 2012

This year our 3rd - 8th class students were asked to take a flowerpot home and grow their choice of flower or plant as an environmental project. After 6 weeks Mr. Kishori Lal kindly judged their work and gave them useful advice for next year's competition. We have some future gardeners and florists at our school!

JUNE 2012 - Last day of term

We all enjoyed a picnic up at Dal Lake. The weather was glorious and everybody had a good time. The students happily snapped away all day with their new cameras donated by Fujifilm Poland and these are their best results. Aren't they good?

We hope you enjoyed reading about our progress and achievements this year. Please follow us at www.gamruschool.com and www.facebook.com/gamruschool
