

ART4KIDS... bringing art materials to children in distress

Dear San Clemente Rotary Foundation Inc,

Thank you for your donation of \$3000 to ART4KIDS, Inc for 2016. This year we donated \$21,000 worth of art materials to traumatized children who are greatly benefitting from your kind generosity.

Children put on paper that which is unspeakable – fears, emotion & mourning. The creative process allows them to reveal their suffering thereby relieving their psycho-emotional burden. Research shows art expression to be one of the most effective treatment modalities for processing trauma.

With your help we are making a difference in the lives of children who are suffering.

[Note: Neither goods nor services were provided for this contribution to ART4KIDS, Inc.].
