ABOUT CAMBODIA

Cambodia is the country in Southeast Asia that borders Thailand to the west and northwest, Laos to the northeast, Vietnam to the east, and the Gulf of Thailand to the southwest, the geography of Cambodia is dominated by the Mekong River (Tonle Mekong) and Tonle Sap Lake.

Cambodia has an area of 181,035 square km and lies entirely within the tropics, between latitudes 10° and 15°N, and longitudes 102° and 108°E. It has a 443 km coastline along the Gulf of Thailand.

Cambodia's climate, like that of the rest of Southeast Asia is dominated by monsoons, which are known as tropical wet and dry because of the distinctly marked seasonal differences.

Cambodia has a temperature range from 21 to 35 °C (69.8 to 95 °F) and experiences tropical monsoons. Southwest monsoons blow inland bringing moisture-laden winds from the Gulf of Thailand and Indian Ocean from May to October. The northeast monsoon ushers in the dry season, which lasts from November to March. The country experiences the heaviest precipitation from September to October with the driest period occurring from January to February.

Tep Or Chun Village is located in the Khos Khel region of Saang District, Kandal Province, where many families do not have toilet facilities. The Cambodian NGO, Solidarity Fund for Rural Development, and Latrine For Life are coordinating the project, which focuses on rural areas where poor and unprivileged families have their homes. Here are comments from the four recipient family - as told from translation from by our Latrines For Life director in Cambodia:

Mr. Kroeurn Loa and wife: They have 3 children. They are very happy to receive the latrine from you and so the children can use it on a daily basic. Now, we are getting the Tippy-Tap for my children as well. He says thank to you for your generosity and kindness to build this latrine for his family. I am living in the rural area cannot afford it. Your donation is making the change to my family and you bring the hope to our family and we are remembering your gift today and forever.
