Dear Paul Dolan and friends of the Encinitas Rotary Club,

On behalf of my 25 first graders and others in my primary grade level span, we would like to extend our warmest thank you for the very generous grant you made to our school's home reading program. We were able to purchase many books that are student favorites and are very happy to have had the opportunity to replace other titles that have been greatly loved. This money also helped us in reimbursing teachers who spent money earlier in the school year to have excellent books ready for our eager students. We spent a portion of the grant on Spanish language titles that are student favorites and have yet to spend the remainder of the grant on quality literature that will entice even our most reluctant readers to engage.

We again would like to thank you for giving our classes the resources to give all of our students the opportunity to read at home!

Warmest regards,

Belia C. Ventzke
