

September 12, 2012

To Whom It May Concern:

The Buena Park School District will cooperate with the Buena Park Rotary Club's literacy project by providing information about the District and the Buena Park Education Foundation for parents of newborns at local hospitals.

We will interact with Buena Park Rotary through Beth Swift, BP Rotary President. She will pick up flyers and other information from the District office to include in the tote bags/backpacks that will be given to new parents.

Sincerely,

Greg Magnuson  
Superintendent
