Dear Beth:

RE: Orange County Birth Data Report

Thank you again for personally delivering the Books & Bags for Babies kits from the Rotary Club of Buena Park. We are grateful to be able to distribute the kits to our Buena Park client families. The support letter you requested was sent to your attention at the Rotary Club.

As I mentioned when we spoke, MOMS Orange County recently engaged The Olin Group to conduct an analysis to identify low-income births and women not accessing prenatal care/support services in Orange County. The report was produced for our internal use to help us target geographic areas where families might be in need of our services. I thought you might be interested in some of the findings in the Buena Park zip codes.

Please let me know if you have any questions and/or ideas on how we might be able to engage more Buena Park families who need our services. I can be reached directly at 714-352-3423 or ppimentel@momsorangecounty.org. Thank you for your support of our mission to help families have healthy babies!

Sincerely,
