

- #3. The grant as described (to aid our sponsorship of RYLA students) was just that and no changes occurred. We anticipated 3 to 4 students and ended up selecting 4 students to attend RYLA camp.

- #4. Without district grant funds, this may have been a strain to our Rotary budget. I am hoping our Club can grasp the importance of giving to the Foundation thus being able to take advantage of DDF for future projects.

- #6. I believe the committee has made the process fair to all clubs. The grant is easy to administer.
