

District Grant Report 2017-2018

This report must be completed and uploaded on matchinggrants.org by June 1, 2018. If it is a progress report, a final report must be submitted no later than June 1, 2019 or 30 days after project completion, whichever comes first.

District Grant # P-1652

Progress Report

Final Report

Rotary Club: **Fort Collins, After Work**

Project Title: **Repair Nepal School in 2017**

Project Description:

1. Briefly describe the project. What was or will be done and where did or will the project activities take place? Explain how the beneficiaries and other community members were or will be involved?

Siddheswor Aadharbhut school, located in the Ramechhap District of Nepal, was badly damaged by the massive Nepal earthquake on April 25, 2015. The earthquake damaged four rooms in the school. Six students and 8 family members lost their lives in this natural disaster. 27 students lost their fathers during the internal war of Nepal (Maoist Insurgency). There are 119 students from nursery to grade 5 currently studying in a temporary school building and in open space when this building is full or weather permits. Water can enter the temporary school making the structure difficult to maintain. One classroom from the damaged school building is in use but is not adequate. There is an immediate need to reconstruct the walls, roof and floors of 4 classrooms of in the original school. The earthquake and use of the current temporary structure has caused a 12% student dropout. The school will attract more students once reconstructed. During the rainy season the temporary school cannot operate. Reconstruction will immediately solve this issue. This project will reconstruct the classrooms and provide a safe space for learning.

The students and their families are disadvantaged poor and deprived. A total of 79 family members in the village will benefit from the school reconstruction as their children will attend the reconstructed school. The reconstructed school building will also be used by the villagers for cooperative meetings to develop the village products. The reconstructed school will be used as a meeting hall and temporary shelter for natural disasters.

In addition to severe damage to the school, many villagers have lost their homes and are living in temporary shelters. See photos. The school is in the Hattitar Manthali Village in the Ramechhap district which is one of the earthquake affected areas. The Rotary Club of Fort Collins, After Work, completed a school reconstruction in 2016-17 in the Kisine Village, which is also located in the Ramechhap district of Nepal.

The project will require five months to complete once funds are received. The project will be managed by four Rotaractors including Deepak Achhami, Arun Magar, Santosh Dahal and Jagadish Koirala. They will assist with reconstructing the school and will be in the village to monitor, supervise and help the villagers perform the reconstruction work and purchasing of materials.

Rotarian Sudip Koirala will be supervising and communicating with the Rotaractors. Rotarian Mohan Karki will be assisting Sudip.

Rotarians Bill Emslie and Dave Boon of the Rotary Club of Fort Collins, After Work will communicate with Sudip to ensure the project is well managed and completed successfully. The Rotary Club of Fort Collins, After Work, has successfully completed over 40 projects in Nepal with Sudip as project manager since 2009.

The villagers are happy to provide free labor to reconstruct their school. Rotary After Work and the District 5440 grant will provide funding for construction materials. The Nepal Rotaractors, let by Rotarian Sudip Koirala, will be on site assisting and managing the reconstruction.

According to Sudip, "One very impressive thing is that villagers have not able to make their own home but also they are very excited to work volunteer to make their school for the children. Its heart touching."

2. How many Rotarians participated in this project? (estimate if progress report)

This project was managed by 4 Rotaractors namely Deepak Achhami, Jagadish Koirala, Arun Magar, Santosh Dahal. Two Rotarians Sudip Koirala and Mohan Karki were involved in the project.

3. What did, or will they do? Please give at least two examples.

- **Purchased materials for the project**
- **Purchased school books once completed.**
- **The Rotaract and Rotarians were on site to manage the project and answer questions.**

4. How many non-Rotarians benefited from this project? (estimate if progress report) _____

There are 119 students from nursery to grade 5 currently studying in a temporary school building and in open space when this building is full or weather permits. 95 percent of these students are back in reconstructed school. In addition, twelve new students were admitted to the school.

5. Who are the beneficiaries and what is or will be the expected long-term community impact of this project?

The students and their families are disadvantaged poor and deprived. A total of 79 family members in the village will benefit from the school reconstruction as their children will attend the reconstructed school. The reconstructed school building will also be used by the villagers for cooperative meetings to develop the village products. The reconstructed school will be used as a meeting hall and temporary shelter for natural disasters. In addition to severe damage to the school, many villagers have lost

their homes and are living in temporary shelters. The long-term impact is use of the school for both education and a community hall.

6. If a cooperating organization was involved, what was their role?

7. Income:

Income Source	Amount
Rotary District 5440	\$4,000
Rotary Club of Fort Collins, After Work	\$4,000
Total Project Income	\$8,000

8. Expenditures: (number receipts starting with 1 and indicate a receipt # (s) for each expenditure) (Do not include travel expenses)

If international project, convert amounts to US dollars	Receipt # (s)	Amount
Cement, roof tin sheets, iron rod, paint, electric wire & bulbs	1	\$4,012.96
Sand	2	\$1,290
Small stones	2	\$ 970
3 doors, 12 windows, 3 white boards	2	\$ 560
Stones		\$1,080
Exercise books	3	\$ 87.04
Total project expenditures		\$8,000

9. Project score (5=strongly, 4=agree, 3= neutral, 2=disagree, 1=strongly disagree)

	Project Score	Comments
The overall project was successful	5	
The grant process worked well	5	
My interaction with partner clubs was good	5	
We achieved the results we expected	5	

10. Did you upload photos in your project on matchinggrants.org under the Photos tab? (If not, please do so)

11. What worked well on this project and why?

Project communication goes very well as we have completed over 40 projects in Nepal with Sudip.

12. What did not work well and how would you suggest improving it?

All aspects of the project worked well.

13. How was this project publicized?

The local radio station reported on this Rotary project during construction after completion of the project. The school headmaster was invited to speak on the local radio to forecast the positive impact brought about after school reconstruction. Now this school is used as an example as to how an earthquake damaged school can be reconstructed in a cost-effective manner.

14. (Progress report only) What still remains to be completed on this project?

Project Inventory

Please list all items provided in this grant that are over \$75 in value and are not expendable.

Item Purchased	Date of Purchase	Cost	Destination/ Location	Comments
Cement, roof tin sheets, iron rod, paint, electric wire & bulbs	15 September 2017	\$4,012.96	Siddheswor Aadharbhut school, located in the Ramechhap District of Nepal	
Sand	28 July 2017	\$1,290	Same as above	
Small stones	28 July 2017	\$ 970	Same as above	
3 doors, 12 windows, 3 white boards	28 July 2017	\$ 560	Same as above	
Stones	28 July 2017	\$1,080	Same as above	
Exercise books	18 Sep 2017	\$ 87.04	Same as above	

By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all the information contained herein is true and accurate. Receipts for all grant-funded expenditures are attached. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights to the photographs, including copyright, and hereby grant the District, RI and TRF a royalty free irrevocable license to use the photographs now or in the future, through the District and the world in any manner it so chooses and in any medium now known or developed. This includes the right to modify the photographs as necessary in the District's and RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of the District, RI, and TRF.

Please attach all receipts or an invoice and a copy of the check used to pay the invoice. Funds over \$100 not used must be returned to the district grants treasurer.
