Project Title: Capistrano Community Mariachi Program Foundation (CCMP)

Progress Report  Final Report

**Project Description**

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The purpose of this project is to provide musical instruments for the nonprofit organization Capistrano Community Mariachi Program (CCMP) that offers mariachi music education to low income children and the youth in the community of San Juan Capistrano with minimal or no cost to them. Mariachi For All – Capistrano Community Mariachi Program (CCMP) serves approximately 125 students per year. The project includes instruction, technology, instruments, mariachi suits, and out-of-state mariachi conferences.

2. How many Rotarians participated in the project? 10-40

3. What did they do? Please give at least two examples.

1) SOCIAL EVENTS:

Monarch Beach Sunrise Rotary Club has social events where members gather for an evening to attend and support CCMP performances such as performances at the Mission San Juan Capistrano's Christmas Tree Lighting and other local performances to support these talented young students. During the year, we will have about 10 Rotarians attend these performances as audience members, a critical part of participating in the show cheering on the student's performances.

2) ROTARIANS HELP SET-UP FOR CCMP PERFORMANCES:

Each year, CCMP puts on many performances throughout the Capistrano Valley. During the year, Monarch Beach Sunrise Rotary Club will have about 6-8 members assist with setting up and running 2 of these events:

- a) Relay for Life – a 24 hour event that CCMP students perform at in Dana Point
- b) Dana Point Senior Center with Rotarians working side-by-side with the CCMP teachers and students to ensure each performance goes well.

4. How many non-Rotarians benefited from this project? 40+

5. What are the expected long-term community impacts of the project?

CCMP a non –profit organization its mission is to “enhance quality of life by engaging our diverse community in high-quality music education”. Offers our youth with an alternative to gangs, drugs, and other destructive activities, by promoting healthy families through the involvement in learning mariachi music individually and as a family. This program strives to help our community to keep our youth safe and encourages them to explore and expand the awareness of cultural arts while becoming confident and productive citizens.

There are three basic goals that meet the needs of the community:

1) To serve and add value to the South OC communities by teaching the CCMP students, mostly who are Latino school-aged children which are in an at-risk community.

2) To engage in the educational & musical development of CCMP students and instructors by providing an intellectually challenging and innovative approach for its mariachi program.

3) To develop a sustainable curriculum that allows current instructors to learn new music techniques to train current and new students. The Enrichment Project is a 5-year long project.

Due to our increase of enrollment of low-income students who can't afford purchasing their own instruments (especially the most expensive ones, such as the guitarron and trumpet) CCMP has the urgent need to provide students with access to such music instruments. This grant will have a significant impact on our continued ability to provide instruction to low income children at no cost to them satisfying a need in the community.

6. If a cooperating organization was involved, what was its role?

none
