District Grant # P-1898

Rotary Club: Lander Rotary Club

Project Title: Visitor Center Bathrooms

Project Description:

1. Briefly describe the project. What was done and where did the project activities take place? Explain how the beneficiaries and other community members were involved?

Lander was building a new Visitor center and The Lander Rotary Club has been given the opportunity to help fund the public restrooms. This is a great opportunity for our community but also a great opportunity for us to have a location to educate visitors on the importance of water access and quality and the good work that Rotary does in this area. We will be given space to post information on Rotary work and our club meeting time/place as well as club accomplishments. Over 15 other community entities contributed funds to the project.

2. How many Rotarians participated in this project? At least 20, exact number is not known as some fund raising was through pass-the-hat
3. What did they do? Please give at least two examples.

We raised funds from members through direct donation and the club also contributed overall through our general fund-raising efforts. We also passed the hat at one meeting raising over \$200 from that effort.

4. How many non-Rotarians benefited from this project? Our entire club and Rotary overall will benefit from the exposure of the signage and participation.

5. Who are the beneficiaries and what is the expected long-term community impact of this project?

Again, this gives us a chance for community and visitor exposure to our club and the community, national and international efforts of our club and Rotary International.

6. If a cooperating organization was involved, what was their role?

We worked with the Lander Chamber of Commerce as the builder of the facility
We also worked with the Lander Community Foundation to allow individual contributions through a 501(c)3
