Project Title: Dictionaries

Progress Report  Final Report

**Project Description**

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Dictionaries were ordered for all third grade students in the Laguna Beach school district. The Interact students put the Rotary stickers on each of the dictionaries. The distribution was coordinated with the principal of each school. A small presentation of what the Rotary Club is was made to the third graders before distributing the dictionaries. The dictionaries were presented to each student by a Rotarian on Wednesday, April 17.

115 dictionaries to Top of the World Elementary School  
93 dictionaries to El Morro Elementary School  
21 dictionaries to St. Catherin's  
52 dictionaries to Anneliese Schools

2. How many Rotarians participated in the project? 5+

3. What did they do? Please give at least two examples.  
Rotarians researched and purchased the dictionaries. Interact students placed labels in the dictionaries. Rotarians and Interact students presented the dictionaries.

4. How many non-Rotarians benefited from this project? 281

5. What are the expected long-term community impacts of the project?  
Our club has been distributing dictionaries for over 7 years. We receive thank you cards and notes from each of the students telling us how excited they are to receive their very own dictionary and how much they enjoy not having to use an electronic device to look up words. The students mention how convenient it is to just open a book to look up meanings and spellings of words.

6. If a cooperating organization was involved, what was its role?  
Each of the schools allowed us to come to their school for about a ½ hour to introduce Rotary and personally hand each of their students their very own dictionary. This is a great community project. Good for all concerned.
