Subject: Year 2018 Estimate Cost of School Supply

Dear Sir/Madam,

I trust this email finds you in good health.

Thank you for getting back to me on our proposal for School Supplies 2018.
We are requesting for the total amount of PHP 54,148.00 pesos only.
The total beneficiaries are 300 chosen 2nd Grader Elementary Students of three different public schools.

Please find the attached draft of the itemized items.

We have a misunderstanding from the last email that I sent you.
The school supplies have not yet been purchased but those pictures and pricing are surveyed prices from the most reasonable market in Manila, (Divisoria Market) as of April 13, 2018.

We are just trying to keep you updated and show some transparency as I was able to include the person's contact information for your reference. I hope this supports to prove our transparency to our request.

We will be coordinating with the district Rotary club of Las Piñas as per your request.

The start of the new schooling year here in the Philippines is in the month of June. For our district it is June 05, 2018.
