Dear Friends:

Our community needs business leaders, technology troubleshooters and trained workers who understand the importance of entering the workforce with the skills needed to succeed.

At Tarrant County College, students are able to develop a solid foundation that will lead to future success. The support that you provide by making a gift to the TCC Foundation is critical to so many. You are providing the gift of opportunity, allowing them to achieve their educational and career goals. Each day, TCC students demonstrate the importance of community college and higher education.

Your support of student scholarships, programs and initiatives at TCC is not only an investment in students, but it is also an investment in the future of this community. Again, thank you for your gift!

Sincerely,

C. Joe McIntosh, Ed.D
