

DISTRICT 5630 GRANT REPORT

Rotary Club: Arnold

Project Title: Library Technology Project

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? *The goal of the project was to replace the outdated computer and printer used at the Finch Memorial Library by the general public. It was replaced by a new computer and printer. In addition a scanner and a software program were also purchased. These are exclusively by the library staff to inventory and code all the books in the library.*

2. How many Rotarians participated in the project? 2

3. What did they do? Please give at least two examples.

**Researched the most appropriate software program for a small library that would meet the needs of the Public Library.*

**Coordinated with library staff to select the appropriate computer, printer, scanner and software program.*

**Presented a program to the SORC Board of Directors asking for their financial support to help purchase the technology.*

4. How many non-Rotarians benefited from this project? 300 Children & Adults

5. What are the expected long-term community impacts of the project?

Local adults and children are able to access a computer and printer at the public library. They can use internet, e-mail, and type documents. They can also print information from the computer. The library staff will exclusively use the scanner and the software program to inventory and track library usage of the books and magazines.

6. If a cooperating organization was involved, what was its role?

The SORC Board of Directors was generous by their monetary contribution and support of the project.
