Blackfoot Rotary Club,

On behalf of Bingham Memorial Hospital I would like to thank the Blackfoot Rotary Club for the donation of the \$500.00 grant to assist with the purchase of PPE for our facility.

We utilized the grant to help supplement the purchase of 10,000 procedure masks. These masks are helping our providers, clinicians and staff to safely provide quality care to our community during these difficult times.

Yours sincerely,

Jericho Cline
Director of Marketing & Public Relations
