Sue,  
Please upload this email to District Grant Project P-2849. Once that is done, would you let Bill and me know. We can then take it from there to complete our review.

Thanks very much. See you tomorrow.  
Lesley and Bill

Lesley/Bill - just clarifying the information on District Grant project P-2849.....Even though the total invoice for the project equipment is \$4551, the RC of Orland Park covered \$1500 of that amount shown by the already cancelled check #8117. This email will serve to amend the project's Final Report so that item #'s 8 and 9 can balance. The line item showing other funding should be deleted from Item #8, leaving item #8 with a total of \$1500, and item #9 should reflect an expenditure of \$1500.

Please insert this as an addendum to the project and advise if any further clarification is needed.

Thanks,
