Attached you will find Invoice Kenya 19, representing one-fourth of the costs associated with shipping the 40-ft. container of mobility devices from Atlanta, GA, to Kampala, Uganda.

Since it became impossible, due to the new pre-inspection requirements initiated by the Kenya government, to ship the planned container from Glendale, AZ, to Mombasa, Kenya, Crutches 4 Africa has agreed to give one-fourth of the contents of the 40-ft. container of mobility devices recently shipped to Kampala, Uganda, to Interact District 5495, with the understanding that these mobility devices will be trucked from Kampala, Uganda to Naivasha, Kenya, to enable the Interact Ambassadors Team from Interact District 5495 to have equipment to distribute, as planned, to the disabled poor of Kenya, during the time the team will be in Kenya in July 2019.
