Project Title: Summer Feeding Program w/Tarrant Area Food Bank

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

With the help of Stephen Raeside at the Tarrant Area Food Bank (TAFB) we proposed our help to establish a summer feeding program in east Fort Worth, where children in hunger is 25%. We helped fund a brochure, volunteered at the TAFB, provided contacts for possible sites, funded publicity and provided funds for food. Three separate programs at Rotary meetings were given to educate our members to this crucial need.

2. How many Rotarians participated in the project?

All FW
East

3. What did they do? Please give at least two examples.

All participating members were educated to the need, with three programs and demonstrations. Eight members volunteered at the Food Bank. Three others helped to find a site. One member assisted in the publicity.

4. How many non-Rotarians benefited from this project?

At least
200 kids

5. What are the expected long-term community impacts of the project?

Hunger is an ongoing problem. Participating East Fort Worth kids will have enough to eat through 8/22. East FW Rotarians are more aware of the crisis, creating the possibility of more hands-on activity in this area. A network is established with several key people at the TAFB.

6. If a cooperating organization was involved, what was its role?

TAFB provided people, food and direction to establish the feeding site. They will have ongoing oversight throughout the summer.
