

P-3063

With our support they will be able to expand their program and make it more visible. The Peer Counselors would like to have designated areas publicized with posters and flyers. They want to try to reach out to more students, especially, during morning break and lunch time. They are also considering having a school assembly to encourage troubled students to seek help.

Tentative budget for Peer counseling \$3000

\$1400 for professional trainers from SD office of Education

\$1000 for training materials

\$600 to feed 40 people five meals

The Peer counselors meet, as a team, every Monday for discussion with adult counselors. Our Rotary Club members will be invited and encouraged to attend these meetings. We may do some mentoring and/or help students with particular needs.
