## District Grant P-3102

Dear PDG Hugelmeyer:

Thank you for your kind approval of our request for a District matching grant for our project.

In our project we were to be providing dictionaries to Third Grade students, and pencils to First Grade students in Yonkers Public Schools. Due to a request from the School District, we are requesting a slight change in our project description.

We will still be providing pencils in pencil cases with a Rotary label on each case to all First-Grade classes. Instead of dictionaries we have been asked to provide sets of books for the Third Graders.

This change does not materially change the project and we hope this change will be acceptable to you. We will of course upload all required receipts and invoices once the project is completed. If you recommend, we will also edit the description of the project on the [matchinggrants.org](http://matchinggrants.org) site.

Sincerely,  
  
Steve Simpson  
President
