

District Grant Report

Rotary Club: Rotary Club of Laguna Niguel

Project Title: P-328 Children's Dental Clinic

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

On November 23, 2013, the Rotary Club of Laguna Niguel provided a free dental clinic to third graders residing in Laguna Niguel. The dental clinic was held at Hidden Hills Elementary, a Title I School. Dental services were provided to the children of low income families who did not have dental insurance and could not afford dental care for their children.

2. How many Rotarians participated in the project? ***Sixteen Rotarians Volunteered***

3. What did they do? Please give at least two examples.

Rotarians sent out an e-blast to all the Laguna Niguel elementary school principals to learn if they also had children who needed dental services. Rotarians followed up by making arrangements to get dental instructors from AUYDA. Rotarians provided support services to the professional dental staff and children on the day of the clinic, including the preparation and distribution of dental goodie bags for the children as well as coordinating arrangements for coffee, a free breakfast from McDonald's and a discounted lunch from Subway.

4. How many non-Rotarians benefited from this project? ***81 third graders and 4 adults***

5. What are the expected long-term community impacts of the project?

The Rotary Club of Laguna Niguel is sensitive to the needs of the local community and strives to provide support in various ways to those families needing special assistance -- particularly the children of those families. The expectation is that the lives of the low income families will be enriched and improved. Since the focus is on the children, the expectation is that the dental clinic will have a positive impact on the children and their families. Such an experience provides a much needed service and promotes goodwill throughout the community.

6. If a cooperating organization was involved, what was its role? ***AYUDA is a 501(c)3 organization providing dental care to the underserved.***

Rotary Club of Laguna Niguel Gives 100 Kids Free Dental Exams

The club decided there are too many local children not getting dental exams because their parents can't afford treatment of cavity fillings and other dental work.

(Editor's Note: Thanks to reader Ron Perrella for sending in this story and photos.)

The Rotary Club of Laguna Niguel recently decided there are too many local children who are not getting dental exams because their parents can't afford it.

Rotarian Stephanie Oddo took the lead in trying to change this, but it didn't happen overnight. In fact, it took almost two years to be able to offer a free dental clinic to many in need such as those at a Laguna Niguel school.

Since Hidden Hills Elementary is a Title 1 school (about 50 percent of the children receive FREE or

reduces lunch price), principal Aida Nunez and Gabrielle Bougarides, bilingual community liaison at Hidden Hills jumped at the chance to serve the students.

Rotarian also sent out an e-blast to all the Laguna Niguel elementary school principals to find out if they also had children who needed dental services.

Rotarian Jennifer Heinen, director of the also researched local members and found a family in need.

Hidden Hills was chosen because of its central location and because most of the families do not have proper transportation, and live within walking distance of the school. The appointments were arranged by Bougarides.

While the elementary school was making the arrangements for the clinic to take place in its auditorium, Rotarians were making arrangements to get dental instructors from AYUDA. Dr. Done, head of the dental school, arranged for volunteer dental students to take care of the patients at the clinic.

AYUDA organized the entire layout and dental plan. The dental giftbags were put together by two Webelo scouts from St. Anne School, headed by Eddie Oddo and William Cadieux. Contributors of the dental goodie bag supplies were dental doctors: Ryan Cook, Mark Montgomery, Alan Nguyen and Bill Nguyen.

Rotarians are dedicated to "Service to Others" and when the call for volunteers from the club members came, Heinen, Joe Davis and wife Patty, past president Barbara Foster, Glenn Schaffer, Mike Whipple and Jan Alcide, along with the three dentist members all joined in to support the running of the clinic.

All of the patients received a bag of dental products from the participating dentists lead by contributions from Dr. Alan Nguyen, DDS.

There were about 100 children dental patients and six "hands-on" dental professional instructors, and 60 dental students who were supervised by their instructors.

Contributors to the event: McDonald's with free breakfasts, Starbucks with free coffee and Subway for half-price lunches all from the Marina Hills shopping center.

In 1981, Dr. Hans Dohse, MD, founded AYUDA, a dental clinic in Southern California. Through his family practice at the University of Southern California School of Dentistry, he was able to establish a facility to deliver dental hygiene, dental, orthodontic, and general administrative and program volunteer services to provide free dental care to the children of Los Angeles and Orange Counties. Clinics are built in total elementary schools.

In September 2005, after 24 years of wisdom and volunteerism at AYUDA, Dr. Dohse
