

Rotary Opens Opportunities

District/Governor's/Rotaract Grant Final Report 2020-2021

This report must be completed and uploaded on matchinggrants.org within 30 days after completion of the project but no later than 2 years after the date of approval of the project. For scholarships, the report is due 30 days after payment of funds.

District Grant # (from matchinggrants.org) #3297

Rotary Club: Kemmerer Rotary Club

Project Title: Kemmerer Little League Fence

Project Description:

1. Is this a scholarship governor's grant report? Yes No (If yes, go directly to line 16)
2. Briefly describe the project. What was done and where did the project activities take place? Explain how the beneficiaries and other community members were involved?

Rotary and Kemmerer Little League put a fence around the playground at the baseball fields to help limit the risk of kids playing in the pond.

The Kemmerer Little League is improving the community's baseball fields, which have been in need of repair for some time. Part of this included putting in a playground with a fence around it. The PTO and Lincoln County School District #1 donated the playground equipment for this project. However, there is a pond right by the playground equipment and the baseball fields. This pond poses a very big community concern. Many children are often found playing in the pond or all too close to the pond. In an effort to reduce the risk of a child drowning, the Kemmerer Little League and Kemmerer Rotary Club built a fence around the playground equipment.

3. How many Rotarians participated in this project? 15
4. What did they do? Please give at least two examples.

Rotarians helped lay out the weed guard all over the playground and then spread sand under the playground equipment. The Rotarians also assisted in digging the post holes and cleaning the holes out. After the post holes were dug Rotarians put the metal posts in the ground and poured the cement around the post. After letting the cement dry for a few weeks Rotarians came back and stretched and wired the wire fence in place.

5. How many non-Rotarians benefited from this project? ~1500
6. Who are the beneficiaries and what is the expected long-term community impact of this project?

The whole community will benefit from the improvement of the playground being up in the baseball complex and the fence around the playground will potentially save lives. The fence and playground will last for many years to come.

7. If a cooperating organization was involved, what was their role?

Little League - Monetary and labor donation.
 Lincoln County School District #1 - Donated playground equipment and labor.
 Oyster Ridge BOCES - Donated playground equipment.
 Gunter's Lawn and Garden - Donated use of heavy equipment.
 Hughes Enterprises - Donated use of heavy equipment.
 Meadow Canyon - Donated sand for playground base.
 Superior Rental - Discounted rental of heavy equipment.
 Viviano's Concrete - Donated concrete.
 City of Kemmerer - Donated labor.

8. Income:

Income Source	Amount
Kemmerer Rotary (5440)	\$911
District Rotary Grant	\$911
Total Project Income	\$1,822

9. Expenditures: (number receipts starting with 1 and indicate a receipt # (s) for each expenditure) (Do not include travel expenses)

If international project convert amounts to US dollars	Receipt # (s)	Budgeted Amount	Actual Amount
Home Depot - Fence Supplies	1		\$670.55
Home Depot - Fence Supplies	2		\$1,376.60
Total project expenditures		\$1821.94	\$2047.15

10. Please explain any variance of more than 5% between the budgeted amount and the actual amount including the reason for the variance and why the alternative was chosen.

The fencing supplies cost about 12% more than budgeted/expected once supplies were purchased. We neglected to include and request a 10% variance, knowing materials fluctuate in cost and changes can happen from when a grant is requested to when the project is completed. Little League covered the \$225.21 cost difference. Rotary's total donation matched the budgeted amount of \$1821.94.

11. Project score (5=strongly, 4=agree, 3= neutral, 2=disagree, 1=strongly disagree)

	Project Score	Comments
The overall project was successful	5	Project is complete and all areas were successful
The grant process worked well	5	Everything was smooth.
My interaction with partner clubs was good	4	Coordination can be a bit difficult with that many partners involved.
We achieved the results we expected	5	Playground equipment looks great and is fully functional.

12. Did you upload photos in your project on matchinggrants.org under the Photos tab? (If not, please do so) Yes.

13. What worked well on this project and why?

All of the donations were a huge contribution to this project and providing a safe place for children to play during ball games puts everyone's mind at ease.

14. What did not work well and how would you suggest improving it?

There is always room for improvement when coordinating a project amongst multiple partners. Communication was acceptable, but could be improved in ensuring partners know when their help is needed.

15. How was this project publicized?

This project was highlighted on the front page of the local newspaper (Kemmerer Gazette) and on the community Facebook page.

16. Scholarship Governor's grant only

a. Name of scholarship awardee _____

b. Current school _____

c. University of college they will be attending _____

d. Course of study _____

e. Starting date _____

Project Inventory

Please list all items provided in this grant that are over \$500 in value and are not expendable.
