Dan,

The District Grant (\$1,500) and Club Grant (\$2,500) were crucial in maintaining the Malayika Rescue Mission as a viable organization. During this past year, the Pandemic wrecked havoc on the schooling and everyday lives of the 47 children served by Malayika in Uganda. These critical funds allowed us to continue providing uniforms, school supplies, personal hygiene items, food and housing as well as tuition for the children's education and subsistence. In addition transportation was available for students needing to travel long distances to/from school.

Thank you,

Bill Bracken, Vice President
