RE: Burluson Mid-Day Rotary Club

Dear Friends of Burluson Mid-Day Rotary Club:

It is with pleasure we accept your generous donation of \$4000.00 (#2055-10/27/20). On behalf of our riders, volunteers, staff and board we thank you for this gift to support our therapeutic riding program, OT/PT hippotherapy and Armed Forces & Horses.

All Star closed on March 14, 2020 because of mandatory shutdown due to Covid 19. We opened with new safety guidelines in June 2020 with only about 8% of our riders and our fall 2020 session with about 58%. We are looking forward to getting back to full capacity, and the first week of our current 2021 winter session has about 60% of our normal rider participation with many others looking forward to returning as soon as possible.

Understandably, many parents are concerned about exposing their children to Covid 19, and have chosen to sit out another session. We have developed safety guidelines and strict protocols so that our classes are as safe as possible. We will heal along with the rest of the world and all of us have high hopes for 2021. Prayers for our nation, access to Covid 19 vaccines for all, and a minimal flu season are high on our priority list.

Your valuable donation will allow us to award scholarships for eligible participants. Due to current economics, there are many that would not otherwise be able to provide this therapy to their loved ones if there were no funds for scholarships. This is a precious gift and we appreciate your support. It is one of our goals that we never have to turn away a rider that needs our therapy because they don't have the funds to participate.

Thank you for making it possible for us to maintain our magnificent therapy horses and offer our special therapies. So many benefit from our therapies, and we are fortunate to see miracles and healing happen on a daily basis.

Thank you for your support,

Tamie Morgan
Board President
