

### Why School Feeding Programs Work

Stop Hunger Now's meal packaging program predominantly provides meals to support school feeding programs in schools and orphanages around the world. This is a pivotal step because children in impoverished areas are often sent to school if they will be fed. The education they receive is the turning point at which many negative factors such as infant mortality, disease and gender equality are impacted and communities can begin to heal themselves.

### Stop Hunger Now

Established in 1998, Stop Hunger Now is an international hunger relief organization that coordinates the distribution of food and other life-saving aid around the world. The organization is driven by the vision of a world without hunger and a mission to end hunger in our lifetime by providing food and life saving aid to the world's most vulnerable and by creating a global commitment to mobilize the necessary resources. Stop Hunger Now's meal packaging program has provided millions of meals to more than 43 countries.

### Stop Hunger Now's Meal Packaging Program

Stop Hunger Now's meal packaging program is a volunteer-based effort through which participants package high protein, dehydrated meals for use in crisis situations.

### A System of Volunteers

The meals are packaged by volunteers – like you. Through a fun and engaging assembly line process, a team of 40 volunteers can package 10,000 meals in just two hours. Meal packaging events are conducted by volunteer groups of all ages from churches, schools and other community organizations.

### Nutrition-Packed and Portable

Stop Hunger Now meals are highly nutritious, dehydrated meals comprised of rice, soy, vegetables, flavoring and 21 essential vitamins and minerals. Each package provides a reasonable serving for six and each serving costs approximately 25 cents to make. The meals are easy to transport, store and distribute to those in greatest need.

### Be Part of the Solution

The reality is that the world hunger crisis is surmountable. There are enough sustainable food resources, processing potential and distribution know-how to feed everyone. Stop Hunger Now's meal packaging program is recognized as a viable solution to combat hunger among the world's most impoverished.

### How Can I Help?

Stop Hunger Now depends on donations to fund each meal packaging event. Because each meal costs just \$0.25, your contributions make a big difference.

Gifts	Meals provided
\$25	100 meals
\$50	200 meals
\$100	400 meals
\$250	1,000 meals

*“I love Stop Hunger Now rice a lot... I can't have enough of this rice. When my parents send me to school without anything to eat, they don't worry because they know I will eat at school. I pray every day for the people who send the rice.”*

– Jean Kendy, 2nd grade student from Cite Soleil School in Haiti

### The World Hunger Crisis

More than 1 billion people do not have enough to eat. In developing countries, 10.9 million children under age five die each year. In fact, a child dies every six seconds from a hunger-related cause.
