ANDREA MILLS, CONTRIBUTING PHOTOGRAPHER

Science is difficult for some, but may be even more difficult for those students unfamiliar with the language and scientific terminology. Linda Bartrom-Olsen, Villa Park High School chemistry teacher, is working to close the gap and help support English as a Second Language learners interested in the sciences.

On two recent Saturday mornings, Villa Park High ESL students and interested parents were given an opportunity to attend a bilingual workshop introducing the concepts of chemistry and physics. The two free workshops ...
