

## ***Rotary Club of Placentia*** ***A Legacy of Service Above Self***

The Rotary Club of Placentia has been serving the Placentia community since 1936 and has prided itself on the number of different ways our members have given back. Specifically, our club provides funding for numerous local community activities and organizations. This includes scholarships for local high school graduates, leadership camps for high school juniors and a dental clinic for underserved community members. The foundation also supports other non-profit community organizations such as the Veterans Village of Placentia, Homeless Intervention Services-OC, the Placentia Library, Meals on Wheels, the REACH Foundation, The Rotary Foundation, the Placentia Navigation Center and several others.

Funds for these projects are derived from its annual Cowabunga fundraiser. For more information go to [rotarycowabunga.com](http://rotarycowabunga.com). You can be assured that your donation is greatly appreciated and will be used to benefit the local community.
