

District Grant Report

Rotary Club: Brea

Project Title: Brea Global IT Academy Upgrade

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The Global IT Academy (GITA) is a computer science academy located at the Brea Olinda High School which requires up-to-date computer equipment to meet the main goal of GITA - to have a lab that can accommodate a multimedia developmental environment where students perform college level programming and software making skills. The existing computer lab is approximately nine years old and has operating systems and software that are out of date. The Brea Global IT Academy Upgrade Project will provide GITA with 10 new notebook computers, 2 new video cameras, and 3 new iPads. The notebook computers will aid in the technical programming. The video cameras will aid in enhancing the multimedia capabilities of GITA. The iPads will enable the GITA students to showcase their work throughout the Brea Olinda school district. Most importantly, the upgrades will provide an up to date functioning lab for daily classroom use. Also, the upgrades will facilitate the creation of a more "portable" lab that can be used throughout the school district. GITA students will be able to use their equipment to teach after school programs for elementary and junior high students as well as offer classes through the Brea Community Center for adults.

2. How many Rotarians participated in the project?

Ten Rotarians participated in this project.

3. What did they do? Please give at least two examples.

Brea Rotarians assisted the GITA students in planning and interviewing Rotarians for the video history of Brea Rotary and its legacy project, BREAL. Also, Brea Rotarians participated in the interviews.

4. How many non-Rotarians benefited from this project?

40 to (potentially) thousands of non-Rotarians benefited from this project.

5. What are the expected long-term community impacts of the project?

The equipment provided to GITA will be used to help GITA students to have a lab that can accommodate a multimedia developmental environment where students perform college level programming and software making skills.

6. If a cooperating organization was involved, what was its role?

GITA was involved and assisted in interviews for the video history of Brea Rotary and its legacy project, BREAL.

Financial Report - Be sure that Income equals Expenditures!

7. Income	Amount
1. District Grant funds approved by the District	\$2,876
2. Club contribution	5043.85
3. Other funding (specify)	
Total Project Income	7919.85

8. Expenditures - please be specific and add lines as needed - receipts must be attached

1. iPad Ar (16 GB), purchased 3 units at \$499.99	\$1,499.97
2. Sony HD Flash Memory, purchased 2 units at \$199.99	\$399.98
3. Laptop Computers, purchased 9 units at \$599.99	\$5,399.91
4. Tax	\$583.99
5. CA Recycle fee for 12 items at \$3.00	\$36
6.	

Total Project Expenditures

\$7,919.85

9. By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all of the information contained herein is true and accurate. Receipts for all grant-funded expenditures have been provided to the district. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights in the photographs, including copyright, and hereby grant RI and TRF a royalty free irrevocable license to use the photographs now or at any time in the future, throughout the world in any manner it so chooses and in any medium now known or later developed. This includes the right to modify the photograph(s) as necessary in RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of RI and TRF.
