Rotary District Grants Website - Project P-4113 Interim Report

The South Shore Rotary club is fully committed to completing our District Grant before the end of May '22.

We observed that during the "Season of Giving" a number of food pantries were receiving too much food for distribution and in some cases had to turn away donations or find other ways of giving the food away. This was similar to what we observed in 2020 and 2021. In those years after the 'season' was over, the donations dropped off significantly [similarly to people going to food kitchens on Thanksgiving to serve food (but not returning for another 364 days)].

We have made a conscious decision to wait until the good cheer [and giving] subsided before providing assistance to food pantries.

The pantries have been identified and our program will commence in February.

A handwritten signature in black ink, appearing to read "Michael Kormanik".

Michael Kormanik, Director
South Shore Rotary
