

Final Report for Completion

Alma Rotary

District 5630

The Alma Rotary Club manages the Pheasant Point Arboretum at Methodist Cove campground. This is also the site where the walking trail end, which begins in the City of Alma. Our club does several work projects at the arboretum where we clean the area from litter and trash, water the trees and basic maintenance needs. Our club applied for a Grant for the 22/23 work year and was awarded \$622 to pour a concrete pad and place a gazebo type structure onsite. The dirt work was completed by our Club President Joel Wheeler with the help of Kent Shaffer. The concrete slab was completed by Richter Concrete at a cost of \$2,500. See attached photo section for verification of funds spent. The club has future plans to install picnic tables and a grill onsite. Hoping to get additional Grant funds in 23/24 to assist in that purchase.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Wheeler", written over a faint, larger signature that also appears to be "Joel Wheeler".

Joel Wheeler
Club President
